

Certificate of Competence to be a Radiation Protection Adviser

The Board of RPA 2000 certifies that

Peter Anthony Cockett

meets the Criteria of Competence specified by the Health and Safety Executive for the purposes of the definition of a Radiation Protection Adviser in the Ionising Radiations Regulations 2017.

*Holding a Certificate from an Assessing Body does not, of itself, make the holder **a suitable** RPA for a particular employer to consult, as required by Regulation 14(1). It is a recognition of competence, sufficient to show that the individual satisfies the general definition of an RPA in Regulation 2.*
