www.calderlead.co.uk
www.enfielddoors.co.uk
www.envirotectltd.co.uk
www.insulationshop.co.uk (Knauf safeboard supplier – has link to brochure)
www.midlandlead.co.uk
www.raybloc.com
www.safetysignsupplies.co.uk (warning notices & specifically self-design)
www.wardray-premise.co.uk

Please note these are not specific recommendations and the list is not exhaustive.

Usual veterinary X-ray equipment suppliers may also be able to assist.

General principle (diagnostic X-ray room) – where extra shielding is required - Code 3 lead (1.32 mm) – applies to partition walls and wooden doors.

Knauf Safeboard – will be 1 or 2 layers (requires confirmation from RPA).
